Subject: FW: Submission of Admin draft FEIS for Honolulu Transit

Jim,

You're probably aware of this, but since you weren't on the cc list I thought I'd pass it on.

Mark

Subject: Submission of Admin draft FEIS for Honolulu Transit

Faith, after discussing with Ray who discussed with Jim, procedurally we wish you to share the draft FEIS with your consulting parties to get their comments and feedback. Once you have incorporated their comments, submit the Admin draft FEIS to FTA. When you make this submission, make sure that the admin draft has been reviewed for legal sufficiency by your legal counsel and that the transmittal letter from Wayne confirms this. FTA needs to review a final admin draft rather than a document in a state of flux, and there are currently outstanding issues with the resource agencies that need to be concluded.
