Subject: RE: Honolulu High-Capacity Transit Corridor Project

Faith:
I will file as soon as I get the doc.
We have language for the NOA. Please send it along for review.
We would like to see the official transcripts of all of the public hearings when they become available.
Thanks;
Jim

Subject: Honolulu High-Capacity Transit Corridor Project

Hi Jim –

Today, we are sending to you by FedEx ten printed copies of the DEIS for the Honolulu Project; five copies for filing with EPA and five copies for HQ use. Under separate cover, Region IX will be receiving three printed copies and a CD version of the document.

It is our understanding that you will be filing the document for us on Friday, November 14th to have the notice of availability in the November 21st Federal Register. We are also filing the document with the State's Office of Environmental Quality Control to make a notice of availability publication in the November 23rd Environmental Notice. A comment deadline date of January 7, 2009 has been noted in the document to correspond to a 45-day comment period from November 23rd.

Our plans call for us to complete distribution of the DEIS prior to your filing of the document with EPA on Friday. When will you be filing the document?

We have also finalized the public hearing schedule for the document. We will be having public hearings starting on December 6.

December 6 Kapolei Hale
December 8 Neal Blaisdell Exhibition Hall, Downtown
December 9 Salt Lake District Park
December 10 Filipino Community Center, Waipahu
December 11 Bishop Museum, Kalihi

We are also scheduling a special meeting with the Banana Patch residents to obtain their public hearing comments. One possible venue would be the Alpha Omega Church.

Tomorrow, I will be on an all day field trip with the Oahu Island Burial Council. If you need to get in touch with me, please call me on my cell phone at (808) 499-7840.

Thanks in advance for getting this document filed with EPA and published in the Federal Register.

Faith Miyamoto
