Aloha Mr. Jarvis and Dr. Jackson-Retondo

Thank you for participation in the Section 106 consultation for the Honolulu High-Capacity Transit Corridor Project. We have received your coordination letter of January 6 (A3615 (PWR-PA)) and await your comment letter on the Draft EIS for our project.

I am writing to you because Faith Miyamoto, the Environmental Planning Manager for the City and County of Honolulu Rapid Transit Division, and I will be in the Bay Area on March 9 and 10 meeting with FTA. There have been several project developments since I met with Dr. Jackson-Retondo last year and we would like to meet with your office to discuss your concerns. We will be available the afternoon of March 9 and morning of March 10 if either of those times would work for you.

One area that I know we will want to discuss its project effects both on the recreational and historic aspects of the Arizona Memorial and other resources of interest to the NPS. Once we have reviewed your comment letter on the Draft EIS, I expect there will be other points that we will want to discuss.

I have recently spoken with Doug Lentz locally to answer a few questions and will separately offer him a meeting in Honolulu to discuss Draft EIS comments that are local concerns. If there are any other individuals within NPS that should be included, please extend my e-mail to them as well.

Thank you for your time and attention,
Lawrence
