Beth, the memo is not in my in-box and I looked earlier in yours and didn't see it there. I came in to see if I could find the memo on the O drive and send it to Peter over the weekend, but could only find the grid version on the O drive, without the map and chart. Thanks for following up on this. Susan

Don't know if you are in the office today or just sending emails from home. The honolulu memo should be in your inbox (blue folder). I will make sure it gets to Peter first thing Monday.

Subject: URGENT: Honolulu Memo

Beth, I just remembered that I did not see the final version of Jim Ryan's Honolulu memo for sign off today. Could you please make sure that it goes to TCA first thing on Monday morning? I had told Peter that he would have it today (Friday).
