Faith,

I have made one small change to the letter that is attached. Please confirm that the administrative FEIS contains an updated response to comments to reflect the changes at the airport.

This does not necessarily need to be included in the letter, if cooperating agencies contact you with questions or concerns regarding the revisions or the expedited process, please let them know that they can contact FTA if they would prefer to work with us at a Federal level. I would be happy to handle their concerns or could work with the regional office to handle questions or concerns.

Once you confirm the updated response to comments, please go ahead and send the administrative copies of the final EIS to the cooperating agencies.

Thank you,

Liz

Hi Liz –

As requested, attached is a draft letter to transmit the Administrative FEIS to the cooperating agencies. Please let me know if the letter requires revision.

Thanks.

Faith

Subject: Distribution to Cooperating Agencies

Good morning Faith,

We will let you know this afternoon whether we are ready to distribute the document to cooperating agencies. We are working on making final changes some internal documentation that we would like to complete before sending files to cooperating agencies.

Prior to sending out the document, we would like to review the transmittal letter for the cooperating agencies. We would like the transmittal note to indicate what is missing from the document (the ALP) and let the cooperating agencies know about the short review time. It may be helpful to indicate what has changed since they last reviewed the document. My understanding is that they had an opportunity to look at an administrative draft last summer/early fall?

Please let us know if you have questions,

Liz
