Subject: Honolulu Mtg

Please go ahead and invite me to the meeting. Brigid decided that:

1. they cannot do an AA followed by a DEIS that is essentially the same as the AA. They will need to do a DEIS that is a follow-on to the AA, or do an AA/DEIS. What they want to do (separate but identical AA and DEIS) is not an option.

2. If they decide to go with the AA as a stand-alone document, then after the AA they will have to have a scoping process, in accordance with CEQ regulations, to involve the public and other agencies in deciding the scope of the DEIS.
