That was just a test to see who was listening.
This one should work on everybody's computer.

Jim,

It might just be my computer, but I think you sent around the Orlando SEA instead by mistake. Please confirm that I don't have to review that document again, because I won't.

Thanks,
Chris

Ted:

I have spiffed-up the Final Draft PA based upon everybody's (ACHP, SHPD and FTA) input. Please distribute.

We still have one or two minor issues and some language to work out. Liz and I are looking for a final meeting with ACHP (Blythe and cc Charlene) and SHPD (Pua and cc Nancy) for 2:30 EDT next Monday or Tuesday (22nd and 23rd).

Regarding the attachments: Attachment 2 is adequate – Attachment 1 needs some work. There is no distinction between the LPA (Airport) and the Salt Lake Alt. Please tell Faith that they have to clearly label the Airport Alternative as the LPA or they have to remove the Salt Lake Alt. from the map on Attachment 1.

Thanks;
Jim

Thanks James.

I have not received language from Susan. I suggest that we say something to the effect that the characteristics of the replacement trees will be determined in consultation with the outdoor circle.

Jim, as requested, link to 106 maps from the City.

Here is the set we put together in December. For the APE maps, we made 2 changes:
1) List only the sheets on the cover sheet included in the final APE set, and
2) Added a boundary around the APE.
Otherwise we left those maps identical to the maps previously accepted by SHPD, as we didn't want to change any previous approvals.

And, as Judy reminded me:

We confirmed boundaries of Merchant Street and Chinatown historic districts are shown correctly.

Faith can you set up the 106 attachments as Jim asks? Make sure any changes discussed have been included and make them available.
Thanks,

Ted:

We asked HTS to clean-up the attachments to the PA for final review.

Please ask Faith to send them to FTA, or to provide us with a link so that we can comment.

Thanks

Jim
