Please don't forward the briefing paper to the front office until I can make some essential changes -- at least in the revised attendance list. I have not looked at the attachment yet.

Jim,

I had hoped to get this to you earlier, but it's taken a while to get this all together. Please note that what I have attached here is just a draft and incomplete, but wanted to get you something to see some of what people are looking for. I hope to have the complete list to you a little later today. I am also going to try to organize the entire list of questions a bit better, so that it isn't so disjointed.

Attending the meeting from our side will be four Council Members:
Myself – Council Chair
Ikaika Anderson – Floor leader, Chair of Planning Committee, newest councilmember (not yet a complete year in office), but was on staff of previous councilmember
Ann Kobayashi – Chair of Public Infrastructure Committee
Romy Cachola

Do you know who will be attending for FTA?

As our RTD staff may have informed you, this is a mix of pro rail project and those who continue to fight certain elements of the project. The hope in the mixed group is to provide a fair and complete presentation and information sharing for the project. Therefore, you will see some of those bias in some of the questions. I have tried to "normalize" the questions without taking away the intent of the inquiry. But because of this, please know that it is fine if the answer is that the FTA isn't a part of those considerations or that they are purely local decisions.

Please feel free to email or call me (808-781-7761) if you have any questions or would like me to provide you with anything else.

Thank you for your help in this meeting.

Aloha,
Todd Apo
