Hi Ben

Per a request to FTA's Communications and Congressional Affairs office (below), I wanted to let you know that I have passed on your name and work address to the gentleman from Honolulu who is opposed to the rail project. **IF HE CONTACTS YOU, PLEASE REFER HIM TO FTA AND DO NOT PROVIDE ANY INFORMATION.** The status of the project is quite fluid right now and you have not reviewed any information on it since last year. Thus, even if he asks about your review last year, it is not relevant to the current situation. Again, please refer him to FTA and let us describe the contents of your last financial review. In dealing with the press or outside entities, contractors do no speak for FTA.

If you have any questions, please let me know.
Thanks,
Beth
