November 27, 2006

VIA FACSIMILE AND US MAIL

Melvin N. Naku, Director  
Transportation Services  
City and County of Honolulu  
650 S. King Street  
Honolulu, HI 96813

Dear Mr. Naku:

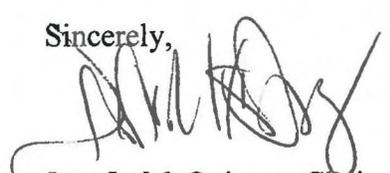

Pursuant to HRS Chapter 6E-43.5(f)(3) the O'ahu Island Burial Council has the directive to "Make recommendations regarding appropriate management, treatment, and protection of native Hawaiian burial sites, and on any other matters relating to native Hawaiian burial sites". The Council takes this responsibility seriously and will seek opportunities to engage in discussion relating to projects that may impact Hawaiian burials on the island.

To that end I have been asked to invite you and/or representatives of the City and County of Honolulu Transportation Services to attend the next regularly scheduled meeting of the O'ahu Island Burial Council to be held December 13, 2006 at the Department of Land and Natural Resources, 1161 Punchbowl Street, Room 132, Honolulu, Hawaii 96813. The meeting will start at 10:00 a.m.

Specifically, the Council is seeking information relating to the placement of any proposed Rail Transit System and the impact such placement may have on native Hawaiian burial sites.

We have appreciated the City's willingness to engage the Council on past projects and look to productive discussions with you regarding the Rail Transit System.

Sincerely,

Jace L. McQuivey, Chair  
O'ahu Island Burial Council

cc: Mayor Mufi Hannemann, City and County of Honolulu  
Pi'ilani Chang, State Historic Preservation Division
