Toru,

This letter is peculiar and is another example of throwing out recriminations toward the organizations that you are seeking cooperation from. This letter should not have been sent in this manner. Also, we are concerned that this letter could give the SHPO an incorrect impression about FTA's position, which has been based on consultations with SHPO, US Navy, etc., to have the Makalapa district represented as a single district. Unfortunately, we have to correct the possibility of a mistaken impression.

I have not heard anyone but project staff raising questions about process. Project staff has wanted to stick with the process despite the concern that the outcome may be incorrect. The issue for the Navy, SHPO and ACHP is to be sure we have a correct outcome.

Ray

Ted,
With Faith mostly out this week, I wanted to send you an early CC: on this. I'm going to give you a ring to give you a status update. The City has had several conversations with the Navy and touched base with the SHPD on this issue.
