We would like to have an internal FTA discussion on the comments before holding a teleconference with you. Unfortunately, we were not able to review the comments and have that discussion this week. We hope to get back to you on Tuesday or Wednesday next week.

So far, I am finding the format and content of the matrices very helpful in reviewing the comments and the responses. Thank you.

Elizabeth,

Our office would also like to coordinate review with our NEPA counsultants at Nossaman. I am out of the office until Thursday. Would you mind discussing how we can coordinate that review on Thursday sometime?

Thank you,
Jesse

Thank you, Judy. We will review and let you know if we have comments and when we would be available for a call on the comments, if needed.

Subject: HHCTCP - Final EIS Comments

Liz: Attached are several tables related to comments we received on the Final EIS. Two tables contain the comments we received from agencies and the public. The comments break down as follows:

Agencies: 9 letters (34 comments)

Public: 43 letters/emails (289 comments)

For the administrative record only, we have provided short responses for each individual comment in the third column of each table. The last column is indicated by a "Yes/No" response. I have attached a separate table for comments receiving a "Yes" designation. Comments with a "Yes" designation also have been briefly summarized in the ROD.

Also included in this email is a table that lists the comments received by category (agency/organization/business/public).

For your information, the draft ROD is being reviewed by Corps Counsel (Jesse Souki) this week and we expect to send it to you by mid-week for your review.

Thanks.
