Subject: Honolulu Project Section 106 Coordination

Hi Ted –

Just checking on status of some letters that we asked for FTA to send:

1. Response to OIBC and OHA regarding requests to be invited signatories. I don't recall whether I mentioned to you that we had heard that there was precedent in the burial council and OHA being invited signatories in other Section 106 MOA/PAs. However, when we researched this, we found that they did sign the MOA/PA, but as concurring parties.
2. Letter to ACHP notifying them of the adverse impact of the project on historic resources.
3. Requests to NPS and Navy to be invited signatories.

We have received comments (some verbal and some written) from the cooperating agencies and preparing to package and send to you.

Would like to speak with you regarding how we are proceeding with Administrative FEIS revisions and how/when we would get your comments. Let me know when would be a good time to speak with you.
