Great. Thanks. The Mayor is coming in tomorrow. We should talk before hand about what you are comfortable with me saying about the schedule. -P

Subject: HONOLULU UPDATE...

We are fleshing out the schedule. Unless you object, we will have to call Toru for the purpose of directing the City's consultants to revise certain portions of the document. Toru will not be contacted until the letter advising the Mayor that we intend to go directly to a final impact statement has been sent. We will not mention anything about the schedule. No problems thus far. Carl
