Subject: RE: Honolulu, PA Next Call

Hello Liz,

After our discussion earlier today and my subsequent participation in a standing quarterly Hawaii Historic Preservation Partners call, where I was asked by some of the consulting parties for an update on the transit PA, I am wondering whether it might be prudent for you to provide the other consulting parties with an update that at least lets them know what is happening and when they will have an opportunity to further participate in the consultation. Some of the parties feel that concerns they expressed during the last all-parties meeting in November 2009 have not been addressed. I suggested they contact you directly; however, I also wanted to convey the concern to you in advance. I believe that an update directly from FTA would be welcomed.

Elaine
