Excellent news. I would be happy to review the draft. I'll let Carl and other HQ folks know about the status of the briefing paper.

I think we're the lead in the Region on this. I'll start the draft.

Cathy if you can provide me with any issues you think should be included from the PM side, and I'll do the environmental?

Liz, if you can review the draft that would be great. I was going to include the status of the 106 agreement, response to comments and development of ROD, and the pre-cast yard.
