Hi Kehau –

Apologies for the last minute coordination. I would like to reschedule tomorrow's meeting to Wednesday, March 11, 9:00 a.m. I believe that would be the day of the OIBC full council meeting. Would we be able to use the DLNR Conference Room before the meeting? If this does not work, then we could explore some other days and times.

We should be able to complete our review of the AISP by the end of the week and would be able to then send that on for your review and comment.

Thanks for accommodating our last minute request.

Faith

Aloha no e Faith,

I think the Task Force folks were mainly seeing our attendance at the meetings as function of your folks' interest in receiving OIBC comments on any given item(s).

If it makes better sense to hold off on the next meeting until there is a version of the AISP that's ready to share, I'm sure the Task Force group would be fine with that. We just wanted to make ourselves available to keep the process in a proactive manner. Or said the opposite way, we wanted to ensure that our comments didn't come to you folks at the tail end when little could be done to change whatever it might be.

In any case, we remain very glad to have an opportunity for out continued discussions.

Would you like to reschedule for a time when a version of the AISP would be available to us to review and comment on? If so, I'd be glad to get the work out ASAP.

I'll wait back to hear.

Me ke aloha,
Kehau

Hi Kehau –

I just received a copy of the Archaeological Inventory Survey Plan that Cultural Surveys developed for the project area extending from East Kapolei to Waimano Home Road. This is what I had hoped to have available prior to tomorrow's meeting. At this time, I am unable to provide the task force with copies, because I have not had time to review the document first.

In your message to the task force members, you requested comments on the preliminary archaeological inventory survey plan. Will this be the topic for discussion tomorrow?

We are planning to be at the meeting tomorrow, unless you feel that our attendance is not necessary. Please advise. Thanks.

Faith

Aloha no kakou,

Mahalo nui loa for the productive and enjoyable meeting this morning.

Just want to keep everyone in the loop regarding our next meeting that was decided upon by the group today:

Wednesday, February 25
9:00-10:00 am (room is reserved through 10:30)
Kawaiaha`o Plaza Hale Makai
Conference Room 601-602 (Same room as today and as described in the email below)

Hope everyone can make it.

For our OIBC task force folks, here's our homework: Please take a look at the document that CSH provided us on the bus tour entitled, Honolulu High-Capacity Transit Corridor Project (dated 11.6.08, goldenrod cover, white spiral bound). This is a preliminary version of the Archaeological Inventory Survey Plan that's currently being developed. The rail transit team will provide us a newer version fo the AISP as it becomes available. But for now, they'd appreciate any comments we might have on the version we have.

Mahalo hou!

Me ke aloha,
Kehau

Aloha no kakou,

Looks like folks can best make the meeting on Wed, Jan. 7. I have a meeting room reserved from 9:00 to 11:00 (though I'm sure we're all hoping to finish up sooner than 11:00).

Please park on Level B of the Kawaiaha`o Plaza parking structure (access on Kawaiaha`o St.), or where ever the parking attendant suggests. Use the parking structure elevator to access the PH level of the parking structure (there will be "PH" button in the elevator). The meeting space (conference rooms 601-602) will be immediately to the right when you get out of the elevator.

If you're walking to Kawaiaha`o Plaza, the meeting room is in Hale Makai, one of two buildings that comprise Kawaiaha`o Plaza. It's (go figure) the one that's on the ma kai side ;)

Until then...hope everyone has a wonderful holiday season!

Me ke aloha,
Kehau

Aloha Kehau,
I was off island and just returned and going through my email. Both dates work for me, Jan 5 and 7.
Mahalo,
shad

Aloha no kakou,

Mahalo ia `oukou for the productive sharing and discussion this past Wedneday.

Because of the need to have our task force recommendations to the OIBC posted by Jan 8 for the Jan 14 agenda, I think we decided that we'd try to meet sometime between Jan 2 and 7.

With that in mind--and in keeping with the 9:00 - 10:00 a.m. time period people seemed to like--I reserved a spot for us here at Kawaiaha`o Plaza for that time on both Mon, Jan 5 and Wed, Jan 7. Would you please let me know which day you'd prefer? After all or most of you folks respond, I'll confirm the winning day ;)

Mahalo nui loa,
Kehau

Aloha mai fellow rail transit task force members (Kawika, Kehau, Shad, and Hina),

Faith Miyamoto of the rail transit project contacted me to see if they could schedule a meeting with the OIBC rail transit task force folks. She and I were thinking that it might be a good idea to meet at 9:00 in the DLNR board room right before our OIBC meeting next week (12/10). Kaleo has confirmed that we can use the room at that time.

I'm guessing that any day/time we choose may not be able to accommodate everyone. But would the suggested day/time work for the majority of us? Please let me know. Mahalo nui!

Me ke aloha,
Kehau
