Renee,

I am okay with FTA including the draft we sent you in FTA's administrative record. We hope to supplement it with a final soon. The planners tell me that when they receive the FAA report, it should take a couple of days to update, depending on what is in FAA's report (although I do not anticipate anything too different from what we already know from our meetings and discussions among the City, FTA, H-DOT, and FAA).

Thanks.

Sincerely,

Renee,

As you requested in our phone conversation yesterday, I attached a copy of the Project's draft evaluation of the Refinement of Airport Alternative (Aolele Street Transition to Ualena Street) presented in Draft EIS, November 2008.

It is a draft, because the planners did not receive specific information about the airport as prepared by the FAA regarding Aolele Street impacts.

Please let me know if you have any questions regarding the attached.

(Note: I am resending this email because I did not include a subject in my previous email, and spam software usually rejects email without a subject.)
