Ted:
Attachment 2 is clear because it includes only info on the LPA.
However, Attachment 1 is entirely unclear. It is easy to assume, by looking at the maps, that Salt Lake is included in the LPA. We need clarification on Attachment 1 that the Airport Alternative (which may yet be modified) is the LPA. It would be best if the Salt Lake Alt were entirely removed from Attachment 1.

Jim, as requested, link to 106 maps from the City.

Here is the set we put together in December. For the APE maps, we made 2 changes:
1) List only the sheets on the cover sheet included in the final APE set, and
2) Added a boundary around the APE.
Otherwise we left those maps identical to the maps previously accepted by SHPD, as we didn't want to change any previous approvals.

And, as Judy reminded me:
We confirmed boundaries of Merchant Street and Chinatown historic districts are shown correctly.

Faith can you set up the 106 attachments as Jim asks? Make sure any changes discussed have been included and make them available.
Thanks,

Ted

Ted:

We asked HTS to clean-up the attachments to the PA for final review.

Please ask Faith to send them to FTA, or to provide us with a link so that we can comment.

Thanks

Jim
