Toru,

I talked with you in the past regarding this 56 foot-wide easement that passes thru the State of Hawaii, DAGS' property at our Liliha Civic Center site, and reduces or virtually eliminates any possibility of our building a future office building.

At that time, I understood you to say that you needed this access easement for the proposed BRT- although possibly a 40 foot-wide easement would be adequate. Please correct me if my interpretation of what you said is wrong.

The BRT has now become defunct; we request your concurrence that this easement can therefore be extinguished instead of just being reduced to a 40 or less foot wide easement. Note: I believe that the HART had proposed a 40 ft wide easement.

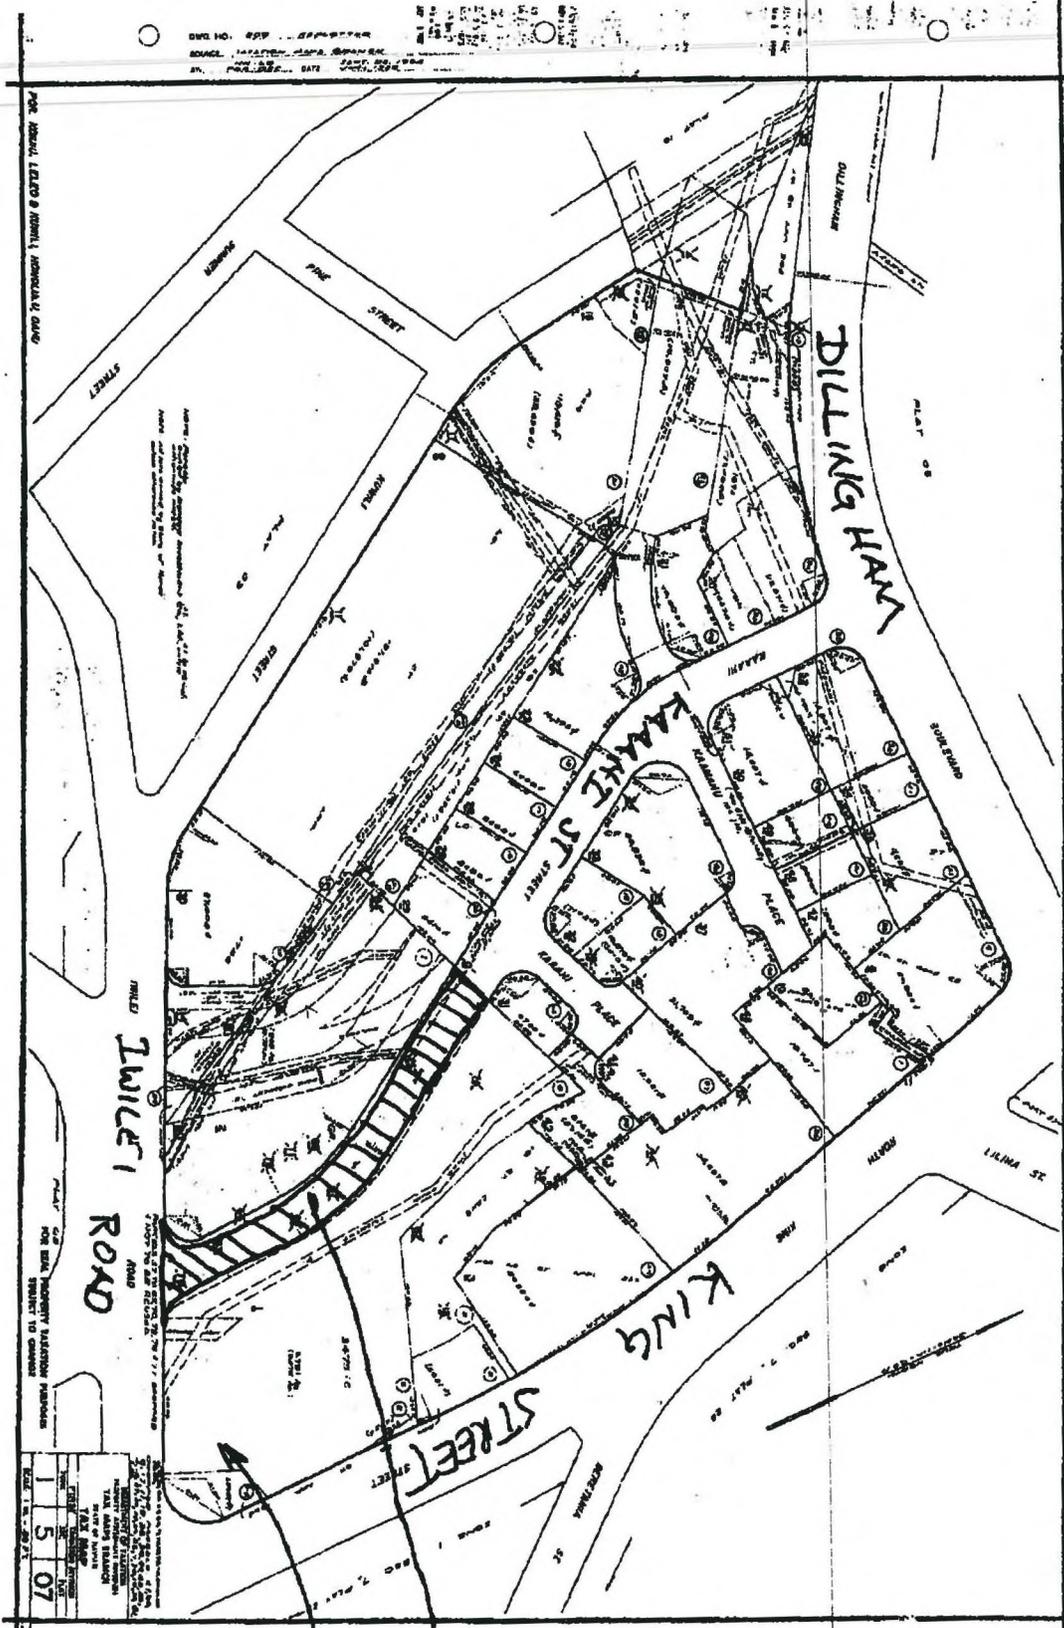

Thanks in advance,

Bruce
