I know you guys are 24/7 and one of the main benefits of being in the Region is that we are 3000 miles away and we basically have a normal work day. The Administrator's meeting is at 11:30 am est.

FYI if you two can please join in tomorrow morning. Lelsie may be able to squeeze it in as well prior to the LACMTA quarterly meeting start.

Subject: Brief Honolulu Meeting

Jim, are you able to set up a brief Team meeting to run quickly through the three topics that may come up at the Administrator's meetings with FAA and Mayor Hanneman on Friday? Wednesday at 11:30-noon works for Ed Carranza and me. Does that work for you? I think the topics will be:

1. Status of Airport Alternative(s)
2. Status of NEPA (status of programmatic agreement? How long delayed?)
3. Letter on Notices to Proceed—whether or not we get it out before Friday.
