My suggestion is that the road map lead and transmittal back and forth and subsequent review and changes etc to and from the city should either be Jim Ryan as the Team Leader or Cathy Luu as the Program Manager for this Project. I am not clear that this is a lead activity for the PMOC. Thanks.

Jim - If it is OK with you and Region 9, I will send this version back to the City, so they can complete entering their deliverable dates. We will then add the PMOC dates. There will still be some gaps, but I agree that consideration should then be given to baselining the Roadmap.

Thanks,

Tim:

Looks good to me. I added some conditional formatting to color-highlight dates that are approaching. The criteria are specified in the upper right corner, and are changeable if the breakpoints I entered (15 days, 8 days, and 1 day) are not useful. If the highlighting is not useful at all, then all of the criteria can be set to 999 days and no highlighting will occur.

I updated the version number to 0.7 and made some cosmetic changes. At some point soon, we ought to declare version 1.0.

Thanks.
Jim

Subject: FW: Updated Roadmap

Jim - The City has made some changes (in red) to the Roadmap based on the call yesterday and has asked whether there are any comments on their proposed changes. The only item I believe was not specifically discussed on the call yesterday was "1.03 - Updated Airport Layout Plan (ALP)".

Thanks,

Tim:

Attached is the updated Roadmap after our teleconference yesterday. Changes are indicated in red. Please let me know if you have any comments and I will then have Julia finalize on PS and we will start populating next week.
