Hi Ted -

I have not heard anything about the Section 4(f) chapter from you or Renee and therefore the question. There had been discussions a few months ago regarding the chapter and we now have a revised version that reflects those discussions. Would FTA review this version in advance of the rest of the FEIS? Shall I send you a copy?

The question I had regarding the responses to DEIS comments referred to the responses that we prepared to answer the comments received from those identified as most likely to "sue". We sent you the top 10 as had been requested. Any comments?

I also spoke with the Navy regarding the Makalapa issue. John Muraoka called to see if there was anything more that the Navy needed to do. I told him that according to Pua, SHPD Administrator, everything is ok based on Navy letter. Makalapa should be two resources. Section 106 PA should be changed back to reflect this.

Just trying to do whatever we can while waiting for the FAA action/comments.

Faith

Hi Faith,

1. Haven't been able to coordinate with everyone to get an answer.
2. We are not preparing any additional responses to the DEIS at this time, unless Chris and Renee have said they are sending something on the 4(f) chapter. Was there something in particular you were looking for?
