I read the new stipulations and like them.

Hi Pua –

The draft Stipulation III that was sent last night responds to the comments that were received at yesterday's meeting. The only other item that the archaeological task force asked for was a WHEREAS clause that acknowledges that the City is cognizant of the burial issue on the Halekauwila Alignment and that the OIBC may be put in the position of having to make the decision that iwi will need to remain in place. We have asked FTA to look at proposed language, before we send this out for wider review and comment. It is our thought that the work of the task force will be complete upon receipt of whatever comments are received today.

We want to send out the latest PA at the end of the day today, sans the above described WHEREAS clause. The decision then would be whether another meeting of the consulting parties will be necessary. I don't know if Susan mentioned to you, but Blythe (ACHP) will be out of the office from next Thursday until 10/16 and so if we need to consider her schedule, it may be difficult.

If you have some time, give me a call and I can fill you in a little more.

Thanks.

Faith

Okay. I will wait for the completed revision. Do you want to discuss status or are things going okay. Can you also let me know when the next meeting, if any will happen.

Also, I don't think I will attend the next archaeological group meeting until we are ready to move forward, rather than back.

I'm in town until around 10:00 and then heading out to Kapolei.

thanks,

Pua

Aloha!

Attached please find proposed revision per input from this mornings meeting. The City is discussing the inclusion of an additional whereas clause with the FTA. The entire PA will be distributed with the most current language on October 2.
