Subject: RE: Question about plan to be developed prior to opening the station

Ray, please take a look at the end of the first paragraph at the top of the left column of page 3-56 of the Admin FEIS. If that is not what you intended, please let us know. Thanks!

Subject: Question about plan to be developed prior to opening the station

Hi everyone,

The temporary effects associated with interim operations are discussed on Page 3-46 of the DEIS. Also, the need to adjust bus routes as stations open in order to complement the fixed route is discussed. A plan would be developed prior to opening the station.

The administrative review copy of the FEIS discusses interim operating service in the same format, however, the idea of developing a plan prior to opening the station is dropped.

Why was the plan dropped? The plan seems like it will be useful to minimize effects.

Ray
