I think your instincts are right. You should direct her staff to call Sonia to set up a call with me. You can tell them that I will make myself available, no matter what the time difference. We can also offer to have you on the line if she has very specific questions. We will see if they still want to have the call under those circumstances. -P

Hi Peter:

I thought I'd run the request below by you first and be guided by your response. It's probably more appropriate that any discussion be with you. I believe you saw the articles from the Honolulu papers that appeared last weekend noting that the Governor was likely to convene some sort of public hearing/forum on the rail project before she might sign the environmental document. Thanks!

Leslie

Aloha Ms. Rogers:

Governor Lingle would like to schedule a phone call with you relating to the City of Honolulu's Rail project.

Would you be open to a call this week? With just a two (2) hour time difference between Hawaii and California, we should be able to work with you to get this scheduled at a time that is convenient for you.

Thank you for your time and we look forward to working with you on this request.

With aloha,

Marcia
