Subject: RE: Honolulu Rail Transit alignment near Airport - update on impacts to interstate airspace

Mark

I have another meeting already scheduled for 2:30 slot. Also would like to have others on FHWA staff involved. Can you give me a schedule of availability and I can cross-check and get back to you?

Aloha Jodi,

How about 2:30 PM today for a phone call?

Mark

Mark and Faith,

Would be interested in getting together with you both to get more details and discuss. Maybe a meeting or conf call?

Jodi

Subject: Honolulu Rail Transit alignment near Airport - update on impacts to interstate airspace

Jodi,

I would like to give you an update on the latest alignment for the Honolulu Rail Transit project near the Airport. You may be aware HDOT-A requested we completely avoid Airport property near the new Mauka terminal. As a result, the current rail alignment swings wide and goes above and over the eastbound lanes of H-1 near the Airport. The relevant page of the plan set is attached for your information. There have been no other changes to impacts to interstate airspace since I last updated you earlier this year. Please let Faith or me know if you have any thoughts or concerns.

Thanks,
Mark
