Hi Liz -

I am getting ready for the City Council meetings on the Programmatic Agreement; November 12th for the Transportation Committee and November 22nd for the Full Council.

The version of the PA that will be considered by the Council is the latest version that I sent to you that identifies the Navy as a full signatory. We did clean it up by correcting some numbering glitches that were not caught until after I sent it to you earlier. We did not make any changes that changed the stipulations. I will send this to you on Monday when I get to the office.

I have been talking to John Muraoka of the Navy. Would it be ok for me to send him a copy of the PA that will be considered by the Council? They have not been involved for a long time and so they need to catch up. If you would like to send it to him or contact him, his email address is john.muraoka@navy.mil.

I also wanted to talk to you about having FTA send the Council a letter that states that the PA being brought to the Council addresses all of the issues raised by the signatories and is the version that is being processed for execution. Can you help me out with this?

I'll try calling you on Monday.

Hope you are having a great weekend.

Faith
