Hi Ted –

Councilmember Okino requested the public comments on the DEIS late last week. It was released to him on Friday. As a result, it is on the Council's document website.

Cliff Slater called yesterday and I told him that the comments had been released to the City Council and that it may be on the Council's website.

Thanks for making time to meet with us last Friday.

Faith

Wayne,

Per our conversation, I can inform you that Cliff Slater made the FOIA request to FTA for the public comment on the DEIS, I picked up the documents on disk from Faith and will inform you when the information is transmitted.
