Subject: Honolulu PMP Rev 2

To All:

Attached is Revision 2 to our Project Management Plan which incorporates the change in the Project Definition from an initial Salt Lake alignment to an initial Airport alignment. Other revisions such as schedule and contract packaging details have also been incorporated.

Nadeem, please distribute this to the Jacobs team if that is appropriate.

Albert, please note the distribution above and also send this to all of the other recipients of the PMP. A copy of the scanned signature page is also attached as a substitute for the unsigned cover sheet which is in the larger document. I didn't have time to extract the first page and make the substitution.

Regards,

Simon
