Anything in particular the Navy needs to do to be a signatory except agree to sign it? If they agree to be a signatory how does that affect anything else?

Aloha Ted,
I was given your name by Faith Miyamoto, who suggested I contact you. The Navy would like to be a signatory to the ongoing Honolulu Transit Programatic Agreement. I understand from Faith that the PA has not yet been finalized and is not yet ready to be executed. We are working with Faith to review the draft document and to make sure that the Navy's concerns are adequately addressed. Would appreciate it if you would let us know what we would have to do to become signatories to the PA, and a brief estimate as to when you believe the PA will be ready to execute. Appreciate your time and consideration on this. Please let me know if there are any questions.
