Hi Ted -

I can pick you up from the Airport and bring you to our office on Thursday. We can spend some time updating you on what our work progress is. We were hoping that we would be able to get some guidance on the four issues I discussed in the email, such as confirmation that the FEIS will focus on a single alternative and the Dillingham Transportation Building issue.

If you prefer to rest after your flight, we could meet later. Let me know.

Are you flying out right after IPG?

Faith

Faith, I arrive about noon on Thursday and would be glad to meet with anyone who cares to meet with me. I'll ask Ray but I think he had planned with Gordon Lum Thursday night.

Hi Ted -

When will you be arriving in Honolulu? Along with us, some other people, such as Don Hamada and Strather Ing from the Transportation Planning Division, would like to meet with you. They want to see the face of the person they have been communicating with.

As far as RTD is concerned, we would like to update you on what is happening, especially since you will be in Honolulu. Let me know when would be good. We could pick up Ray and have an evening meeting.

Faith

Hi Faith, Ray won't be coming from Guam until 5:30 on Thursday, so he won't be available to meet. If you have anything that just I can answer we could try to meet, but it might not be worth it since most bigger items Ray needs to make a call on. I'm still trying to juggle appointments for the short time we're there, if you have something else you'd like to schedule that Thursday I'd so go ahead.

Ted
