Katie –

In consultation with Liz, would you please work up a limitation on claims notice for the Honolulu. Chris would like to have that published before the ink dries on Leslie's signature. Let me know if you need anything. Thanks. Carl

Carl, except for the ACHP's signature on the PA and final review of the mitigation monitoring plan the ROD is ready for Leslie's signature. Leslie has the ROD and attachments for his review. Hopefully, everything will be done tomorrow. Ray

Subject: CLOSING THE BOOK ON THE ENVIRONMENTAL PROCESS FOR HONOLULU...

Good Morning:

I expect that the Administrator will ask me tomorrow (Friday) if the environmental process for Honolulu has been completed. By sometime late today or early tomorrow morning, please let me know where matters stand, including which signatories have and have not signed the programmatic agreement and when you reasonably expect that all signatories will have signed off (in this regard, please don't let the document languish on any signatory's desk; "encourage" him or her to sign it right away). I get the sense that the record of decision will be ready to sign whenever the programmatic agreement has been executed; am I sensing correctly? Thanks.
