Hi Vanessa,
Thank you for your efforts. 17Mar-19Mar window for subject Noise Monitoring works for all concerned. Your letter to residents in Makalapa will cover Noise Monitoring Stations#1-#3.

Please note that there is 24 hour Station#4 at fenced basketball court south of Main Street & Center Dr. [toward Hickam AFB in non-Makalapa housing area]. Station#5 is short term monitoring at Ball Field [non-housing area] east of Holy Family Church/School.

Mahalo again, VernS.

Lawrence,
At a late afternoon Meeting today with Forest City, Navy Housing, NAVFAC PAC Representatives & myself, your request to conduct noise monitoring at identified Sites is approved for 17Mar-19Mar 2009 window. 2 week Notices will sent to affected Navy/Marine residents for requested dates. Please specify dates beyond window if needed for access. I will coordinate with you for base passes when doing

Vanessa, Sandra & Jared,
Per my separate conversations with Lawrence/Parsons Brinckerhoff(AE) & Vanessa/Forest City, request a window of 17Mar[Tues]-19Mar[Thurs] to conduct subject noise monitoring surveys at 5 previously identified sites.
These dates would fit in AE Team schedule and hopefully allow Forest City to issue their 10 day notice to affected housing residents. Request you consideration and feedback.

Mahalo for your support, VernS.

Staffing:

The noise monitoring would be carried out by the following people:
Lawrence Spurgeon
Malie Espin
Michael Omohundro

All three are employees of Parsons Brinckerhoff

We would require a maximum of 3-days of access, but if you could provide a one to two week window for the work, that would be ideal.
