Re. AIA Honolulu Task Force Report: Suggested Light Rail Transit for the Honolulu High Capacity Transit Corridor Project, February 2, 2009

On behalf of Jeff Nishi, AIA, 2009 AIA Honolulu President, and the members of the Honolulu Chapter of the American Institute of Architects, I am sending via email a copy of the attached letter, sent today to Mayor Hannemann together with the accompanying AIA Transit Task Force Report, dated February 2, 2009. Hard copies have also been mailed to your office and should arrive in the next few days. Thank you for your kind consideration. We look forward to continuing discussions and working with your office.
