Subject: Honolulu updated

James Barr sent this update on Friday. Sherry I am on travel today with Jim. Do you want Sponia to schedule a conf call with the mayor for sometime tomorrow afternoon around 3:00. Just let me know. Thanks

Wes:

HQ final comments on the Administrative DEIS were sent to TRO-9 in the early afternoon Friday. HTS should have no problem incorporating them into the Final DEIS friday and beginning document preparation this weekend.

TRO-9 is prepared to send a cover page signed by Leslie dated Monday, October 27. HTS can begin local distribution at that time.

They have promised to send 10 hard copies of the document to me next week. I will get it to EPA by Friday morning (October 30) for official filing. EPA will publish a DEIS NOA in the Federal Register Friday, November 7.
