Aloha e Mr. Yoshioka,

Please see the attached letter from Historic Hawai'i Foundation with comments about the Historic Resources Technical Report for the Honolulu High Capacity Transit Corridor Project. Hard copy will follow by mail.

I also look forward to seeing the DEIS when it is released next month and continuing consultation under Section 106 and Section 4f. Please let me know if you have any questions about HHF's comments or concerns.

Mahalo,
Kiersten Faulkner
