Ron,

Sorry we got cut off. I did not get everything you said but I understand that you are meeting with Brian tonight. I hope to hear from you more on what should be done at this time on the O&M cost estimates.

Please call me on my company cell at 808-630-0696 tomorrow morning. I should be up from about 1PM your time. My personal cell is 808-387-7591.
