

WAIPAHU NEIGHBORHOOD

The **Transit-Oriented Development Plan** is moving ahead!

Workshop One, held on September 25, focused on identifying issues and opportunities around the two Waipahu station areas.

Workshop Two, held on November 14, included a presentation and discussion of Draft Alternative concepts for each station area.

Workshop Three will present the Preferred Station Area Alternatives and will include illustrations showing proposed land uses, development opportunities, new streets, parks and public spaces.

Community involvement – the sharing of your ideas and perspectives – is key to the success of the Plan.
