Subject: RE: Draft Powerpoint presentation for Thursday

Looks pretty long. Maybe the focus should be only the LPA is eligible for the GET money and it takes a lot of reversals in the process to make non-LPA to be eligible for FTA funds too. Slide 13 should read "catenary" instead of "centenary" (it means over head wires).

Subject: Draft Powerpoint presentation for Thursday
Importance: High

Aloha Wayne, Toru and Gordon,

Could you please review the attached powerpoint presentation for accuracy and completeness?

I recognize that it is a little long at 28 slides and would like to trim about 5 to 10 slides before Thursday's meeting. I would greatly appreciate your comments on how to improve the discussion points that I am trying to get across.

We are looking to put this on first before we have Ron Tober come up to speak on the expert panel.

Mahalo,
Darrell
