Simon,

The attached is an added comment to the SSMP review based on the meeting minutes from the SSORC meeting on January 17, 2008.

- The SSMP may need to be updated to reflect the Department of Planning and Permitting (DPP) participation on the SSORC based on the following comment from page 2 of the meeting minutes, bullet number 4.

"The Honolulu Fire Department – Planning staff asked if permits will be taken out for the Project. Toru stated no, but the Department of Planning and Permitting (DPP) will be involved in the review of all Project design plans. HFD requested representation by DPP staff. DPP staff participation will be requested."

Should you have any questions, please contact me at 786-586-0026.

Attached is the meeting minutes for the Safety and Security Review and Oversight Meeting held on January 17, 2008.

The next meeting of the committee will be held on **Thursday March 27, 2008 at 1:30 pm at Ali'i Place**. Please make your calendars accordingly.

I plan to send out the station prototypes prior to the meeting to all committee members, so we can have the architects present and then discuss the stations at the meeting. I will also send out the draft committee charter prior to the meeting so we can discuss any comments which you have before it is adopted.

Remember the Connecting Communities Workshop will be held in Honolulu on March 4 & 5, 2008. This

AR00146453

workshop pertains to Public Transportation Emergency Preparedness. The workshop is free to all invitees. If you need another copy of the flyer and/or registration form, let me know and I will send you another copy.
