Faith, the letter looks ok. Please send the enclosures and I'll get it set up for higher-level review and signature.

Ted

Subject: Honolulu High-Capacity Transit Corridor Project Section 106 APE letter

Hi Ray and Ted –

As discussed a while ago, transmitting a draft letter to SHPD regarding the area of potential effect for your finalization and Regional Administrator's signature.

There are two enclosures with the letter. One a map of the LPA and the other a CD that shows the APE. My intent was to send you three sets of the enclosures: One for the SHPO, one for the State Historic Preservation Division, and one for your records. Please let me know if this is ok. As soon as I hear from you, I will send the enclosures.

Thanks.
