Toru,

Before I go too far, is there a formal alignment that DPP/DTS has plotted somewhere showing the alignment through Ho'opili and along N/S Road?

I want to see how it turns from Ho'opili down N/S Road, either in the realigned Kaloi (grass lined channel), along the shoulder, or down the median.

Also, is the City going to decide where the transit stations will be located, specifically Ho'opili?

Let me know if we should meet to discuss. Thanks, dean
