Dear Mr. Hamayasu:

Attached for your information is the above referenced Honolulu Report from Booz Allen Hamilton, our Project Management Oversight Contractor (PMOC). To help the project move forward into the Preliminary Engineering phase of the FTA Section 5309 New Starts Program, please continue to work and share information with the FTA and our PMOC. In addition, you should provide updated versions of the Project Management Plan, the Bus Fleet Management Plan, and the schedule from the plans received in June 2007 to the PMOC for its review at your earliest convenience. To follow up with the meeting held in our San Francisco office on July 25, 2007, please continue to work and discuss with the PMOC and the FTA on the best contracting strategies for planning and executing all the project phases successfully. If you have any questions or comments, please call Nadeem Tahir, our Director in the Office of Program Management & Oversight, at (415) 744-3113, or Cathy Luu, our program manager assigned to this project, at (415) 744-2730 or E-Mail Cathy at catherine.luu@dot.gov.

Sincerely,

Edward Carranza, Jr.
Deputy Regional Administrator,
