Subject: RE: Initiation of Section 106 Coordination with SHPO

Hi Faith,

Ray and I discussed and the previous letter is no longer applicable due to the project changes, it's better to start from scratch and keep everything clear.

FTA can send a new letter to SHPO. If that how you wish to proceed?

Ted

Subject: Initiation of Section 106 Coordination with SHPO

Hi Ted and Ray –

We want to re-establish coordination with the SHPO as soon as the GEC gets mobilized. In a June 6, 2006 letter to the previous SHPO, Leslie Rogers delegated DTS the authority to work directly with the SHPO on FTA's behalf for the High-Capacity Transit Corridor Project. The SHPO acknowledged this delegation by letter dated July 24, 2006. Is it ok for us to assume that the delegation is still in effect? Just checking.
