Subject: TDIBP Manuscript # 5

Congratulations - Your abstract submitted to the 2008 TDIBP Conference in Beijing has been positively reviewed, and therefore approved for further consideration. The next step is for you to prepare a six page manuscript based on the abstract. Please note:

1. The manuscript must be submitted no later than August 15, 2007.
2. The manuscript must be submitted in MS Word format to this e-mail address: cohn@louisville.edu.
3. As mentioned, the manuscript must be six pages, no more and no less.
4. The manuscript must be prepared in strict adherence to the ASCE guidelines found in: <http://www.pubs.asce.org/authors/BookProceedings.html>
5. The manuscript will be reviewed for technical content and for English language quality. Be advised that the English language quality review will take precedence, and any manuscript deemed not sufficiently well written will be rejected, regardless of technical merit!
6. Please include following at the top of the first page of the manuscript: Manuscript #5 (where 5 is the number found in the subject line of this e-mail).
7. When submitting the manuscript, please make sure that the number is shown in the subject line. The best way to do that is to simply reply to this e-mail with the manuscript attached.
8. If your manuscript is approved for inclusion in the final program, there must be a commitment that one of the authors will make a presentation at the conference in Beijing, April 24-26, 2008.

Please confirm receipt of this e-mail.

Louis F. Cohn
