Subject: Plan and Profile for Transit Alignment from Fort Weaver Road to Kroc Center

Hi Toru,

Thanks for meeting with us on such short notice yesterday. You did clear up a lot of mis-information that we have been hearing about the transit alignment and the EIS.

I took a look at the transit website and could not find the plan and profile of the alignment. However, it could be simply that I am "computer challenged" and don't know where to look.

Could you provide me with the site or weblink where we can access the plan and profile for our section of the alignment? We want to get started on some preliminary design that we will bring back to you for further discussion.

Thanks for your help. Looking forward to your Ferry presentation next week Monday. Let me know if you have any questions. Thanks, dean
