Hi Ted –

I did see a copy of the most recent Navy letter. Thanks for checking with us.

Lt. Doug Jannusch of the U.S. Coast Guard called us also regarding cooperating agency status. He wanted to arrange a field visit, in order to get a better understanding of the project. We will do so when our General Engineering Consultant gets on board.

Hi Faith,

The Navy followed up with a letter on 5/29 changing their status to participating. I think you were copied on their letter, but I thought I'd check in just in case. Also, we got a call from the Coast Guard; they are considering their status and have 2 issues, potential impacts to any Coast Guard facilities and impacts to navigable waterways. They are supposed to decide and get back to us.

Ted
