Subject: Honolulu High-Capacity Transit Corridor Project

Hi Jim –

Hope you survived your move and are settled in your new office. I want to send you some documents that we have prepared for the project, but need instructions on how best to get them to you.

I want to send you, Jim Barr and Joe Ossi copies of the following:

- Summary of and Responses to Testimony from the City Council LPA Hearings
- 2007 NEPA Scoping Report
- Template 11: Supplemental Land Use Information and Supporting Documentation Worksheet

First, I need to know whether you would like it electronically or printed. The document regarding the LPA hearings is about two volumes of paper. I could send you a printed copy of only the text without the actual testimony. Just let me know.

If you would like printed copies, what is the best way to get them to you? Previously, we have used Federal Express to get documents to you. In order for you to get the documents prior to your meeting with Toru, we may have the Washington PB office print and deliver copies to you. Will this work?

How should we address these documents to you? What is your new office number? Is there a directory of FTA staff with their respective office numbers? If we could get a copy of this list, it would be much appreciated.

Apologies for the long message, but your responses will help us get our documents to you in the quickest possible way.

Thanks.
