**Subject:** RE: Honolulu High-Capacity Transit Corridor Project - Environmental Justice

Thanks. This was well before the TPE "summit" meeting on this. Oh well, I am just going to move on.

On another thought, it seems that the Administrator kills two birds with one stone. He gets an extremely competent and proven RA for NY and gets a major force behind the current New Starts process out of the way.

Ray

This is the only email I can find that comes close to addressing the issue.

Hi Veronica,

Here are the FTA comments:

- With regard to scoping, it should state that FTA requires scoping at the conclusion of the AA and the start of the NEPA process. FTA has not yet concluded whether a new NOI will be required.
- With regard to the EJ methodology, 1) DTS shall coordinate with the EPA on the EJ methodology and 2) Develop a Community Impact Assessment for complying with environment justice. Information on this subject can be found on the FHWA website at:  
<http://www.fhwa.dot.gov/environment/comm2.htm>.

Thank you,

Ray

Hi Everyone -

Attached are the meeting minutes to the discussion held on Tuesday, March 28, 2006. Please advise if you have any comments/corrections. If I receive no comments within 5 days, these minutes will be deemed final.

Thanks,

Veronica Chan
